**Summary**

---

## Charity Combined CC1-5.3A | Policy Summary

Created 'by the sector, for the sector', this Charity Combined product is available as a package or a bespoke policy. It is issued by Q Underwriting's Charity and Faith underwriting team, which has extensive knowledge and experience of the sector, on behalf of leading insurers.

Q Underwriting's Charity Combined policy provides extremely broad cover and because we recognize the diverse nature of the sector we can provide the assurance that we understand its needs. In particular, this includes defining volunteers as employees, extending public liability cover to automatically include work away from the main premises and accepting a wide range of activities and events that other standard commercial policies may not cover.

### Policy Summary

This Charity Combined product has been specifically tailored to provide **a full suite of covers in an easy-to-understand 'menu'** from which charities and social enterprises can choose a variety of combinations to suit their particular needs. And as those needs change, so the policy can be adapted.

By combining such covers into one policy, **charities and social enterprises can gain greater value for money and benefit from easier administration.**

- Professional Indemnity
- Property Damage Loss Recovery
- Business Travel

## Please read this document carefully

This is a summary of the cover provided by the Charity Combined Insurance Policy. It contains references to the key features and benefits of the policy, as well as references to significant or unusual exclusions and limitations. It does not contain the full Policy definitions, terms, exclusions and conditions and it is important that you read the Charity Combined Insurance Policy fully before making any decision about your business insurance.

## Risk Management Requirements & Policy Restrictions

Risk Management is a partnership between you, your advisors and the Insurers.

This Policy contains various restrictions, warranties, and conditions, some of which are precedent to the liability of the Insurers, intended to either clarify the intent of cover or encourage good risk management practice. You should try wherever possible to document your procedures, processes and risk management practices.

Elements of cover under this Policy are on a 'Claims Made' basis. You should satisfy yourself that you understand the meaning of this, and also the importance of any applicable Retroactive Date.

If you have any questions or concerns, please raise these with your advisors.

## Our Aims and Obligations

This Policy is intended to provide you with protection against many of the risks you face as a business. We aim to ensure that the critical risks you are exposed to are covered by this Policy and that you receive adequate financial compensation following an insured event taking place.

We undertake to provide cover to you according to the terms of the Policy Schedule and the accompanying Policy document. Please make careful note of all the exclusions, conditions and limits of cover, so that you are clear about what you might expect in the event of a claim.

Cover under this Policy is subject to specific limits and excesses. Please refer to your advisors for full details.

## Your commitment

Please remember you must make a fair presentation of the risk to us. This means that you must:

1. disclose to us every material circumstance which you know or ought to know or, failing that, sufficient information to alert us that we need to make further enquiries; and
2. make such disclosure in a reasonably clear and accessible manner; and
3. ensure that, in such disclosure, any material representation as to a:
  - a) matter of fact is substantially correct; and
  - b) matter of expectation or belief is made in good faith.A circumstance is material if it would influence our judgement (as a prudent insurer) in determining whether to take the risk and, if so, on what terms.

If you fail to make a fair presentation of the risk then this could affect the extent of cover provided or could invalidate your policy. If you are in any doubt as to whether a circumstance is material then You should disclose it.

The Policy is issued for a 12 month period unless agreed otherwise. You should review your sums insured on a regular basis as inadequate sums insured could adversely affect any claim.

## Index Linking

The sums insured for Property Damage and Specified Business Equipment will be indexed automatically, unless stated otherwise, in line with overall trends regarding building costs and inflation. Index-Linking helps to protect you against inflationary increases, such as the cost of rebuilding or the cost of replacing items lost or damaged during the period of repair or reinstatement. At each renewal the premium will be calculated using the new sums insured. Should the index fall below zero the sum insured will not be reduced.

If you are not adequately insured, the amount of your claim may be reduced in proportion to the amount you are "under-insured".

It is important that when you arrange your coverage that the sums insured are set at the correct level and if you are in any doubt you should seek expert advice, it is also important to review your coverage on a regular basis to take account of changes to the Buildings and items purchased or disposed of etc.

## Section 1 Property Damage All Risks

This Section provides All Risks cover including accidental damage to business assets such as buildings, contents, or stock. The section may also include cover for rent payable.
